

RAPHAEL RAM M. TAJUNA

Computer Engineer | IT Systems & Network Operations

Quezon City, Philippines | 09214056788 | raphael.tajuna17@gmail.com

SUMMARY

Computer Engineering graduate and DOST Scholar with practical experience in Network Operations, Infrastructure Deployment, and IT Service Delivery. Proven track record in maintaining enterprise ICT infrastructure and managing comprehensive client technical support. Highly skilled in secure network configurations (routers, firewalls, VLANs), hardware diagnostics, and technical documentation, with a strong background in Embedded Systems (IoT) development.

SKILLS & COMPETENCIES

- **Hardware & Embedded Systems:** Arduino/Microcontrollers, Adafruit FONA (GSM/GPS), ESP8266/32, Digital Logic Design (74-series ICs), Circuit Prototyping & Soldering .
- **IT Infrastructure & Networking:** LAN/WAN Cabling & Crimping, Cisco Packet Tracer, Network Configuration (IPv4, Proxy settings), Printer/Scanner Installation & Maintenance .
- **Programming:** C/C++ (Embedded), Python.
- **Software & Tools:** Tinkercad, Wokwi, MS Office (Word, Excel, PowerPoint), Canva.

WORK EXPERIENCE

IT Engineer (Apprentice)

March 2026 – Present

CliqueHA Information Services OPC

- Configured routers, firewalls, CCTV devices, and VLANs to establish secure client site network deployments.
- Resolved support tickets and authored comprehensive company documentation detailing completed client services.
- Assisted in full project lifecycles, from reading project scopes and bills of materials to generating deployment documentation

IT Technical Support Intern (Service Delivery)

July 2025 – September 2025

Intellismart Technology Inc.

- Diagnosed and resolved client technical issues to ensure seamless service delivery and quality standard adherence.
- Coordinated service requests with cross-functional teams to monitor progress and maintain timeline compliance.

Network Operation Management Division (NOMD) Intern

July 2024 – October 2024

Department of Agriculture - Central Office

- Resolved connectivity issues related to Proxy settings, IPv4 conflicts, and Wi-Fi dongle configurations.
- Managed physical and logical network setups by crimping LAN cables and configuring Cisco IP phones.
- Executed deep-level system troubleshooting to resolve hardware failures, and deployed network printer and scanner drivers across multiple departments.

CERTIFICATIONS

- | | |
|---|------------|
| • CSE-PPT (Professional Level) Passer | March 2026 |
| • AWS ACADEMY: AWS Academy Graduate - Cloud Foundations | June 2026 |
| • CCNA: Enterprise Networking, Security, and Automation | July 2025 |
| • CCNA: Switching, Routing, and Wireless Essentials | June 2025 |

EDUCATION

Bachelor of Science in Computer Engineering

October 2022 – 2026

Polytechnic University of the Philippines - Manila

- DOST-SEI Scholar (RA 7687)
- Consistent President's Lister
- Rank 2: Top 5 Performing Students in Software Design Final Departmental Exam
- Rank 4: Top 5 Performing Students in Embedded System Final Departmental Exam
